When rugs start to make sense

#WASHABLERUGS

FOR KIDS · FOR HOME · FOR A MODERN LIFE

Now you can
wash your
rugs at home.

They are safe.

They are natural.

They are handmade.

They are practical.

They are trendy.

They are washable.

Established in 1990, Lorena Canals designs and produces children's rugs that are both stylish and practical. Made from 100% cotton, these rugs are machine-washable—meeting the needs of modern lifestyles.

Everything began when the founder asked, "**Why can't we wash our kids' rugs at home?**" With no suitable solution on the market, she set off to make her own. Today, Lorena Canals rugs are available in more than 30 countries.

The brand prides itself on quality in every aspect of production, from the finest raw materials to socially responsible labor practices. Its rugs are available in a wide variety of designs, colors, sizes and thicknesses—making them suitable for any room.

HOW ARE THEY MADE?

Our products are handmade by skilled craftspeople from India.

They are individually elaborated from 100% cotton and dipped into natural, non-toxic dyes.

Each rug is unique, no two are alike.

Taking care of every detail.

DON'T WORRY...

...BE MESSY!

I am made out of 100% cotton.

I love nature!
I'm not toxic.

My dyes are 100% natural.

Artisan hands have taken care of me.

Don't worry!
I'm safe for your kids.

I am socially responsible. I help kids attend school.

#PIGGYPROOFRUGS

Their education,
our commitment.

WE CALL IT EDUCATION.

THEY CALL IT FUTURE.

THIS IS OUR SAKULA PROJECT.

We believe that education is the key to mobility and vital in breaking the poverty cycle.

In 2008, we started the Sakula Project by building a nursery in Haryana (India) for children that were living in the streets (without protection and security) to receive one meal a day and schooling.

Then we also started collaborating with the Baba Jodh Sachiya Public School by donating part of the profits from all of our products to finance the education of their students.

With the purchase of one of our rugs, you are not only helping a child to get an education, but also the opportunity to live a better life.

That's why **their education is our commitment.**
